

Whitehall Nursery and Infant School 2022/23

DFE 2020:

Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers. Ensuring that pupils have access to sufficient daily activities can also have wider benefits for pupils, and schools, improving behaviour as well as enhancing academic achievement.
